Imaging the Immune System VII: Immunity in Space and Time

Abstract Submission Guidelines

- Please download the abstract submission template and save with a file name format 'First name-Surname' e.g. 'Joe-Bloggs' **as a word document**
- Participants should not submit or present more than one abstract
- All abstracts must be submitted and presented in English
- The main text of the abstract should not be longer than 400 words
- Submission of abstracts describing unpublished results are strongly encouraged
- Abstracts can only be submitted online through the submission form
- Authors should select one of the topics below as the primary subject of their abstract
    - Imaging innate immunity
    - Imaging adaptive immunity
    - Imaging tissue immunity
    - Immune cell dynamics in development
    - Immune cell dynamics in cancer
    - Mechanics of cell motion and interactions
- Authors should indicate their preferred presentation format on the online form. You can apply to do and short talk and/or a poster. Those applying to do short talk may be offered a flash talk or a poster at the discretion of the scientific organisers.

Short talks

- 15 minutes including time for questions

Flash Talks

- 5 minutes, 5 slides maximum (including title and acknowledgements if needed), no questions

Posters

- A0 or A1 portrait
- Presented in designated sessions during the conference

Information sharing

- Information you submit as part of this process will be shared with the scientific organisers (University of Cambridge, San Raffaele Scientific Institute & University).

Notification of outcomes of your application

- When you have finished the submission process you will see an acknowledgement on the screen, you will not receive an email confirming submission.
- The final decision on allocation of short talks, flash talks and posters will be made by the scientific organisers.
- Authors will be notified about the outcome of their abstract in mid-late May 2027.
- Abstracts will be withdrawn if the presenting author fails to register for the meeting by the standard registration deadline – Friday 4 June 2027.
- If you have any questions please contact us: charlotte@iis2027.com
- **Thank you for submitting an abstract!**
